

## ...Again

dvsn

I'm on the way  
Never had more to say  
Wide awake  
Like dopamine to the brain  
Never been  
Committed to anything more than me  
Built a bridge  
Paid the cab that drove you away

Yeah, I know that I'm the one to blame  
Probably made you want to turn away  
And I know I gotta make some changes  
For this to work

'Cause if you think I don't love you  
I'ma show you  
And there's a few things we ain't know  
That we had to go through  
And if you think there's another that is better  
You got another thing coming  
'Cause if you think I don't love you  
I'ma show you  
I'ma show you

Show you again  
Show you again  
Show you again

Tell me why I should stay?  
Been through too much  
And I'm running out of words to say  
I tried my best, I'm not perfect  
But we don't deserve this  
Just stop with the questions, it's getting too stressful for me  
I'm still not walking away from you

Honestly, I think we're both to blame  
And sometimes I wanna turn away  
And we gonna have to make some changes  
For this to work  
I know it hurts

If you think I don't love you  
I'ma show you  
And there's a few things we ain't know  
That we had to go through  
And if you think there's another that is better  
You got another thing coming  
'Cause if you think I don't love you  
I'ma show you  
I'ma show you

Show you again  
Show you again  
Show you again  
Show you again  
Show you again

Show you again  
Show you again  
Show you again  
Show you again  
Show me again  
Show you again
