

They circumcise  
They tell you lies  
And they get ya  
Yea, they take you  
Yea, they hate you if you ever wonder why, why

We don't need no re-education  
School's out, drop out, time for vacation  
I'm getting an A in anatomy  
It's doesn't matter me, the rest is history

I wanna fuck  
I wanna fuck  
I wanna fuck, eat and fuck you up, yea  
I've been in love  
But that ain't enough  
I wanna fuck, eat and fuck you up

Yea, they take ya  
Separate you  
And they rape you if you ever wonder why, why

We don't need no re-education  
Classed violence, regeneration  
Let them loose in the land of the lilly-white  
Their giant appetite, we're really good tonight

I wanna fuck  
I wanna fuck  
I wanna fuck, eat and fuck you up, yea  
I've been in love  
But that ain't enough  
I wanna fuck, eat and fuck you up

This life is simple, it's ain't complex  
We masticate, then we fight and sex  
It all comes down to just those three  
That's enough for us, that's enough for me  
That's enough for me [7x]  
That's enough!

I wanna fuck  
I wanna fuck  
I need a ride but, they need it stuffed, yea  
I got no love for those who suck  
I wanna fuck, eat and fuck you up

I wanna fuck!
