Massacre

Dwarves

It's a massacre, dastardly rhymes get thrown
Oh no! – Now you're in the massacre zone
It's a massacre, dastardly rhymes and so no's, oh no
Now you're in the massacre zone

I'm deaf like Beethoven, dumb like hardcore
It's all I can stands, I can't stands no more
It's a massacre, scandalous innuendo, oh no
Now you're in the massacre zone

Fuck a rap battle, you can't handle it
I'm not asking, I'm blasting and nashing 'em
Fake punkers with the pussy ass managers, handlers
Fronting on the Warped tour like amateurs

Bad Charlie, first on my list, took and drawn
Quartered and kissed with my fist
I'm the humilator -- Check it and see
They played you your record you ask: is that me?

And when we look at that empty TV
Why do we hate everything that we see?
How do we know they've got nothing for me?
Greedy, nothing but hits since 1983

It's a massacre, dastardly rhymes get thrown
Oh no! – Now you're in the massacre zone
It's a masterful punk rock behind and you know, oh no
Now you're in the massacre zone

And you can eat shit and die
If you go along for the ride
Just remember that we dismember like Jekyll and Hyde

Commercialized, sanitized
Violence gets lionized
Well, I'll be there when I was rocking votes with?E-ballots?

It's a massacre, dastardly rhymes get thrown
Oh no! – Now you're in the massacre zone
It's a massacre, dastardly rhymes and so no's, oh no
Now you're in the massacre zone

Are you ready, do you want some more?
Now tell me, do you want some more?
Now tell me, are you ready for
Now tell me, do you want some more?

See, I don't ride a skateboard and love what you hate for
And don't give a fuck about punk rocking no more
It's exactly the thing that you need, now take heed
(Hey, I just sold some dope to that guy from Creed)

Just like chainsaws in Texas, like Bonny and Clyde
That's me and Greedy, career suicide

It's a massacre, dastardly rhymes get thrown

Oh no! - Now you're in the massacre zone
It's a masterful punk rock behind and you know, oh no
Now you're in the massacre zone

Oh no! - Now you're in the massacre zone
It's a masterful punk rock behind and you know, oh no
Now you're in the massacre zone
