

Dumb It Down

DZ Deathrays

Ever since you let me dumb down
The feeling that you let me run around
Feeling so predictable now,
Ever since you let me dumb down.

Called you up, you said you'd come around,
You told me just to wait here on the ground.
I was a fool looking to fool around,
I was a fool looking to fool around.

Dumb, dumb down, dumb it down,
You never leave it for me
Dumb, dumb down, dumb it down,
You never leave it for me.

Ever since you let me dumb down
The feeling that you let me run around
Feeling so predictable now,
Ever since you let me dumb down.

Called you up, you said you'd come around,
You told me just to wait here on the ground.
I was a fool looking to fool around,
I was a fool looking to fool around.

Dumb, dumb down, dumb it down,
You never leave it for me
Dumb, dumb down, dumb it down,
You never leave it for me.
Dumb, dumb down, dumb it down,
You never leave it for me
Dumb, dumb down, dumb it down,
You never leave it for me.

Dumb, dumb down, dumb it down,
You never leave it for me
Dumb, dumb down, dumb it down,
You never leave it for me.
