That's what his broad told me

When it come to score then I'm a pro  
She try to tell me a long time ago, she won't do no more  
She said he was a hoe  
I said "I know and you gon' tell him when to go"  
I'm paid like a parking meter, big homie in Senerita  
He told me, he find it good, when you prolly should keep her  
She know I'm a hoodler, but I'm intelligent too  
She know that I'm relevant and that I'm making these moves

Be like Jay-Z and Bee, we can be a power couple  
Both of us from the struggle, when all we know what's the hustle  
When it's time to re-butter we gather up in the Huttle  
No I'm not a captain or a hope detector  
We can take the battery out the smoke detector  
Put a in the dough  
Puff a little drough  
Take the innocent out your purse, they can smell it next door

Dress casual, not like we going to the prom  
I booked this room on hotels.com  
Do not disturb sign trynna get a piece of mine  
Spill a little cutie-quality time  
Good sex, got my name tatted on her chest  
Do some freaky things, she can tell to her BFF  
It's amazing, it's a special occasion
