

## I Know I Can Make It

E-40

You better watch your step if you want to go to Heaven

Sometimes I just wish that I could fly away  
I'm strugglin' but I'm searchin' for a better day  
I know I can make it  
I know I can make it  
Sometimes I just wish that I could fly away  
I'm strugglin' but I'm searchin' for a better day  
I know I can make it  
I know I can make it

Uhh

When I was a boy, I had to be a man  
When they told me "I couldn't", I told 'em that "I can"  
It's God's plan, the way that things done panned out  
I got my life off the stress, so ain't no need to pout  
The choir sing and the missionaries shout  
But, when that church organ plays, that's when my tears get to pourin' out  
Just a kid from the soil, tryna prosper  
Tired of hearing gunshots and sirens and helicopters  
Grew up around killers, villains and robbers  
Drug dealers, con artists and slick talkers  
They say that if you got talent, you 'posed to use it  
All my life, I've been around music  
Played the drums in elementary, all the way through twelfth  
Start rappin' in seventh grade, now I got records on the shelf  
Hard work, dedication, intestinal fortitude  
A real hustler out the hood, determined to be that dude  
We didn't get everything in our Christmas bag that other kids had  
But whatever we had, we was glad  
Uhh, God is good and I'm okay with being underrated  
No matter what they think about me, man I made it

Sometimes I just wish that I could fly away  
I'm strugglin' but I'm searchin' for a better day  
I know I can make it  
I know I can make it  
Sometimes I just wish that I could fly away  
I'm strugglin' but I'm searchin' for a better day  
I know I can make it  
I know I can make it

I'm Suga-T, I've been often underestimated  
A chick in the game, gotta carry her weight, or she'll get slated  
I was a teen mom, an ugly duckling grown a swan  
But to this very day, I remain a hip hop mom (Yeah)  
Didn't always make the best choices, but that's okay  
I still hold the title "The Queen of The Bay"  
It was only God's grace that I'm still alive (Still alive)  
'Cause to be a boss lady you gotta pay the price (Pay the price)  
I used to be quick to pull a lick, quick to check a trick  
I messed around and found out that rappin' was one of my gifts (Uh huh)  
Legendary, I make history still  
I could take the pimpstress route, or I could pay my own bills (Yeah)  
I know that I can make it, even though they're player hatin' (Uh huh)  
Eventually, they'll be congratulatin', uh huh  
Cash rules everything around but game is priceless

And when we die, we better hope we make the right list

Sometimes I just wish that I could fly away  
I'm strugglin' but I'm searchin' for a better day  
I know I can make it  
I know I can make it  
Sometimes I just wish that I could fly away  
I'm strugglin' but I'm searchin' for a better day  
I know I can make it  
I know I can make it

A-Agerman

I know I can make it through these hard times  
I fall on my knees and cry after callin' a friend of mine  
He's [?] through the storm and the rain  
As them tears drop down your cheek he'll ease the pain  
My God, [?]  
But joy comes in the morning, you gonna make it through the night  
When it's dark in your life, look towards God, 'cause He's the light that shines bright  
[?] continue to fight the good fight  
'Cause faith [?], the things we hope for  
When hard times come, that's God knockin' at your door  
Reminding us all to fall on our knees and pray  
To give us hope, to let us know there's a brighter day  
Sunshine after the rain  
Joy comin' right after the pain  
It's Agerman, E-40 and Suga-T, y'all know  
We all go through hard times  
But we gonna make it out fo' sho'

Sometimes I just wish that I could fly away  
I'm strugglin' but I'm searchin' for a better day  
I know I can make it  
I know I can make it  
Sometimes I just wish that I could fly away  
I'm strugglin' but I'm searchin' for a better day  
I know I can make it  
I know I can make it
