

## Things'll Never Change

E-40

Ah yeah..(ah yeah)..it's real.  
gonna put it down. all these little crime thangs,  
homeless, the world is crazy bwoy  
it's like this  
it's the way it is  
Heavy out there.. it's heavy.

[Verse 1]

Was I really such a bad child that I deserved to get hit with boards  
and whooped with extension cords?  
did you forget that I was your creation,  
and all I wanted from you all was love, hope, and motivation?  
son, you're disrespectful and you're talking back,  
get out my face, kicked me out the house  
and wouldn't even let me plead my case.  
now I'm homeless and I'm freezing like the morgue,  
the only thing keepin me alive is the Lord  
needless to say it's times like this I'd rather be locked up then  
drinkin water out my hands and eatin out of garbage cans  
can I come back home, huh could I?  
Son, you're on your own, why should I?

[Chorus]

Things'll never change, that's just the way it is  
Nobody's even concerned  
Some things'll never change, that's just the way it is  
when will we ever learn?

[Verse 2]

Huh. three years from now, I think I'm gon be straight, (straight)  
I put my name on the list for section 8  
tried out for the army but I was flat footed,  
didn't do no harm to me, cuz I was used to it  
if I apply for some work, let's make a bet,  
I'll get the nine  
cuz I don't know about the internet  
What do you think we need to do to change about this nation?  
need to provide more jobs and better education  
nuclear weapons (puh) should be stopping crimes,  
already got enough to blow the world up  
a thousand times  
the birds and the bees, deadly disease,  
teenage pregnancies, std's

[Chorus]

[Verse 3]

A-wuh a wait a minute, I hear sirens  
Oh that's the couple down the street  
domestic violence  
either them or the little girl in 306  
she's always telling everyone that she gon slice her wrists  
I guess that's the way it is in the life of sin  
where you'll prolly end up dead, or in the pen  
but my family ain't no better than the next  
my auntie brenda turned her own sister in  
for writing bad checks

and save folks try to hit you where it hurts  
knowin they the biggest hypocrites in the church  
we need to give our minds a bath and  
do some scrubbin'  
stop the hate and start the lovin'

[Chorus (4x)]
