If god forgives, then god forgive me
Because the pain I cause is the pain I feel.
Underachieve...
There is not much I'll ever be when all I see
Is the evil that surrounds me.
If god forgives then god forgive me.
If god forgives then god forgive me.
You don't forgive.
All I see is the evil that surrounds me.
it's amazing how quickly the mind matures
When the world outside creates internal war.
I know, I know what's right... I do the wrong thing.
My heart and soul will fade until emotions die.
May the fire in my eyes light the way for me.
May the bridges that I burn take out my enemies.
If god forgives, then god forgive me.
