This.....this is the way
This is the way I wanna live
I'm going through changes
This is the way I wanna live

From this day on noone is going to tell me what I should do or what I should not that ain't the way, the way that it shall be fight it all the way so let them vultures prey on each other don't let them spoil it you've come this far coming out like a force of nature this is the shape of things to come...

This.....this is the way
This is the way I wanna live
I'm going through changes
(coming up, coming up)
This is the way I wanna live

So if you're feeling sort of down & out don't loose ya faith, wipe away the doubt you must take a stand that's what it is about if nothing else works just SHOUT!

You're no Baloney Homo Sapien you're the original king of the hill again coming out like a force of nature this is the shape of things to come...

This.....this is the way
This is the way I wanna live
I'm going through changes
(coming up, coming up)
This is the way I wanna live
