

## Now I'm a Fool

Eagles of Death Metal

Palm trees and fun  
And fabulous sun  
Hollywood's always like that  
But nothing is real  
Even what you can feel  
Is just illusion

Suddenly you appear  
Out of the smoke and haze  
And I think that you got me  
Falling for you  
I think that you got me

The moment of fun  
Glows like the sun  
I'm telling my friends about you  
Not to say you're the one  
But I put down my guns  
Then you went Hollywood on me

Now I'm a fool  
I feel like the whole world knows  
And I just can't escape it  
Figured you're cool  
I was so sweet on you  
And it seems like you faked it  
Seems sort of cruel  
I think I can shake you off  
Yeah I'm tough, I can take it  
But telling you true  
You coulda been good on me...

Now I'm a fool  
I feel like the whole world knows  
And I just can't escape it  
Figured you're cool  
I was so sweet on you  
And it seems like you faked it  
Seems sort of cruel  
I think I can shake you off  
Yeah I'm tough, I can take it  
But telling you true  
You coulda been good on me...
