

# Peaceful Easy Feeling

Eagles

1.       D                   G                   D                   G  
I like the way your sparkling earrings lay,  
      D                   G               A7   A7  
against your skin, so brown  
      D                   G                   D                   G  
and I want to sleep with you in the desert tonight  
      D                   G               A7  
with a million stars all around

      A7                   G               G       D       D  
R: Cause I got a peaceful easy feeling  
      G                   G               Em   A7  
and I know you won't let me down  
          D       Em               G               A7           D  
cause I'm already standing on the ground

2. And I found out a long time ago  
   what a woman can do to your soul  
   Ah, but she can't take you any way  
   You don't already know how to go

R: Cause I got...

3. I get the feeling I may know you  
   as a lover and a friend  
   but this voice keeps whispering in my other ear  
   tells me I may never see you again
