

Carol

Earl Thomas Conley

If I could turn back time to yesterday
I'd be coming home this time to stay
I wouldn't have to ask "Could I come in?"
And I wouldn't have to fall in love again

I guess I never felt this way before
Feeling like a stranger at my own door
I wouldn't have to ask you how you've been
And I wouldn't have to fall in love again

Carol... No one has replaced you
I've never looked a day beyond goodbye
And Carol time could not erase you
It's only made me wish I'd never tried

Guess some of us just don't know when to stop
Reaching out for something we ain't got
No matter now just where you draw the line
If your never in my arms, your on my mind

Carol... No one has replaced you
I've never looked one day beyond goodbye
And Carol time could not erase you
It's only made me wish I'd never tried...

It's only made me wish I'd never tried...
