

# One of Those Days

Earl Thomas Conley

Car broke down outside town,  
Thought I'd call you  
You can't come, I knew that.  
What else is new?

I caught this cold last week  
I just can't shake.  
Anymore days like this  
I just can't take.

It's one of those days,  
When nothing goes right.  
One of those days,  
As dark as a night.  
It's all I can do  
To make it through  
Girl without you.

I don't know why  
Love goes away.  
I just know I  
Remember the way  
We used to be.  
What I would give  
For one of those days.

I'm out of touch, out of luck.  
I'm out on my own.  
Guess you don't know what you've got  
Until it's gone.

It's one of those days,  
When nothing goes right.  
One of those days,  
As dark as a night.  
It's all I can do  
To make it through  
Girl without you.

No, I don't know why  
Love goes away.  
I just know I  
Remember the way  
We used to be.  
What I would give  
For one of those days.

No, I don't know why  
Love goes away.  
I just know I  
Remember the way  
We used to be.  
What I would give  
For one of those days.
