

Hurry and come inside,
leave everything behind
'cause they'll burn you alive
and take everything you have.
Forget everything you know,
it's no use anymore,
you'll be safer in here,
safer in here.

How do you get to where you're going
hiding away and never knowing?
How do you get to where you're going
hiding away and never knowing?

Stay where you're paralyzed
and color inside the lines,
don't you dare drift away
to some other territory,
and follow the ones ahead,
the morally impaired
'cause it's safer this way,
safer this way.

How do you get to where you're going
hiding away and never knowing?
How do you get to where you're going
hiding away and never knowing?

Why do you waste your precious hours
standing in line with all the cowards?
Why do you waste your precious hours
standing in line with all the cowards?
