

## Ordinary Girl

Earshot

Wait, there is too much on my mind  
are we here just to simply pass the time?  
all these questions awake inside my head  
all these questions awake inside me...(2x)

Now, what I would give  
what I would try...  
to be with just an ordinary girl  
what I would give again, only if I...  
could be with just an ordinary girl

Stop, I'm not happy anymore  
you bring heartache and anger to the core  
I have nothing to give inside me now  
I have nothing to give inside me...(2x)

Doesn't really matter, I'm alone now  
thrown out to the world  
do you feel the same?  
cuz we all feel the same...sometimes
