

The Pallid Surgeon

Earth Crisis

Only consciousness and unconsciousness
Shocked awake with their screams
Pouring from my nightmares
Swallowed into darkness by the mouth of hell
Scared by the grotesque
In my mind they dwell
It's terrifying callousness
As if the animals were nothing
Only referred to as test subjects
As if they weren't living
Cavalier and dismissive
Creatures denied for what they are
Icy rationalizations as they tear them apart
It's terrifying callousness
As if the animals were nothing
Only referred to as test subjects

As if they weren't living
Unveil what they conceal
It's for scientific progress
Unveil what they conceal
How is this advancement?
What is the difference
From the atrocities
Of the pallid surgeon
Of the innocents demise?
It's terrifying callousness
As if the animals were nothing
Only referred to as test subjects
As if they weren't living
What is the difference
From the atrocities
Of the pallid surgeon
Of the innocents demise?
