

# Be Ever Wonderful

Earth, Wind & Fire

Be ever wonderful, alright, stay as you are  
Time is right for you tonight  
Find your place among the broad day light  
Stay as you are, alright

And be ever, be ever wonderful, alright  
Stay as you are, alright, alright

Gonna find a few, always walk with you, oh baby  
Many people claim, don't always view the same, oh baby

As you live today, what I wanna say  
Is be ever wonderful in your own sweet way, alright

Be ever, be ever wonderful, stay as you are, alright  
Time is right in your life tonight  
Find your place in the broad day light, yeah  
Ooh, stay as you are

'Cause what I wanna do and what I'd like to tell you  
May not be as you see  
As you live today, what I wanna say  
Be ever wonderful in your own sweet way

Don't let the world change your mind  
Don't let the world change your mind  
Change your mind, change your mind, change your mind
