

Break Ur Heart

East 17

Pretty girls like that
You put them up on a pedestal
Pretty soon my friend
You'll end up feeling like a fool

Watch out boy, she's gonna break your heart
Cos to her it's just a game
She's got lovin' down to an art
Oh yeah, oh yeah
Watch out boy, she's gonna break your heart
And you'll never feel the same
Leave it on a sleeve and she'll tear it apart
Oh yeah, oh yeah

Like a cat with a mouse boy
She won't let you get away
The more you twist and you turn
The sharper her claws come out to play
You can't see the wood for the trees
Boy she blows your mind
Like she's cast some spell
That's left you blind

Watch out boy, she's gonna break your heart
Cos to her it's just a game
She's got lovin' down to an art
Oh yeah, oh yeah
Watch out boy, she's gonna break your heart
And you'll never feel the same
Leave it on a sleeve and she'll tear it apart
Oh yeah, oh yeah

Watch out boy, she's gonna break your heart
Cos to her it's just a game
She's got lovin' down to an art
Oh yeah, oh yeah
Watch out boy, she's gonna break your heart
Cos to her it's just a game
She's got lovin' down to an art
Oh yeah, oh yeah
Watch out boy, she's gonna break your heart
