I caught a gentle bird, whose wings were bent and broken One rainy day I saw it fall to earth along my way... It needed me,
It hurt so desperately

But I began to know...

Though I had loved it so...

I'd have to let it go someday

Your heart was disappointed Somebody else - had made you hurt you inside I heard you say...

You could not feel,
You needed time to heal...

But I began to know
Though have I loved you so,
I'd have to let you go someday...

And now you don't need me anymore You're strong and assured

And I can't help but know
Though I have loved you so
I'll have to let you go
And I can't help but know
Though I have loved you so

I'll have to you go
I'll have to let you go, let you go, let you go
