

# Things Are Much Better Today

Eddie Money

Well it's all right now  
Everything's lookin' okay  
Somehow we'll both find our way  
Things are much better today

Rags to riches is a lonely game  
Workin' too hard drives a boy insane  
Give you my money, keep you satisfied  
It's never enough, but it'll get you by

Gotta keep the pace  
To keep my in the race  
But now I do it straight  
Instead of 'Go man go, go, go!'

Well it's all right now  
Everything's lookin' okay  
Somehow we'll both find our way  
Things are much better today

Oh they can't believe it I'm a brand new man  
I used to not didn't give a damn  
Look at cha baby, what'cha done to me  
You treat me so good, man it's hard to believe

Gotta take it slow  
Instead of 'Go man go'  
Keep it in control  
It's only rock 'n' roll

Well it's all right now  
Everything's lookin' okay  
The world's a little (bit) brighter  
Than it was yesterday  
Well it's all right now  
Everything's lookin' okay  
Somehow we'll both find our way  
Things are much better today

And in the morning when the sun starts to shine  
Your face is next to mine  
And in the evening when the sun goes down  
I know you'll be around, you'll be around

Well it's all right now  
Everything's lookin' okay  
The world's a little (bit) brighter  
Than it was yesterday  
Well it's all right now  
Everything's lookin' okay  
Somehow we'll both find our way  
Things are much better today

Things are much better  
Much better, much better today
