

How Could It Be

Eddie Murphy

Someone told me they saw you girl
With another man
It's breaking my heart
I thought baby our love was strong
And we'll never ever part
How could love end this way

Ooh...how could it be
That you don't love me
How could it be
That you don't love me anymore
How could it be

I've tried so hard to tell you baby in my heart
That love is no wrong
But left here inside my lonely world
I feel so cold
Yet reluctant to let you know
What we have has passed and gone

I just can't seem to understand
This sudden change
Girl could we regain
The laughter, loving and happiness
That we shared before
Please don't tell me
There is no more
No more (no more, no more)

How could it be (how could it be, how could it be)
That you don't love me
How could it be (how could it be, how could it be)
That you don't love me anymore
How could it be (how could it be, how could it be)
That you don't love me
How could it be (how could it be, how could it be)
That you don't love me anymore (I just don't love you anymore)
How could it be, how could it be

So now...
How could it be (how could it be, how could it be)
That you don't love me
How could it be (how could it be, how could it be)
That you don't love me anymore
How...how could it be (how could it be, how could it be)
That you don't love me
How could it be (how could it be, how could it be)
That you don't love me anymore
How could it be

How could it be
