

Caroline

Eddie Rabbitt

Caroline, a long, long time ago
When life was fun and every day was made of solid gold
Caroline, the days of you and me
When we were young and filled with dreams that we would always
be

But time moves on and we drifted apart
And my world stopped turnin'
The day you broke my heart

Caroline, my precious memory
What I'd give if you'd forgive me, Caroline

But time moves on and we drifted apart
And my world stopped turnin'
The day you broke my heart

Caroline, my precious memory
What I'd give if you'd forgive me, Caroline
'Cause dreams came true when I loved you
