

Good Night For Falling In Love

Eddie Rabbitt

The night is so young and the stars are in your eyes
Your lips have taken me to the edge of paradise
Don't let it end tonight with just a kiss
There's so much love to give here in my heart

Woah-oh, a good night for falling in love
And with a girl like you, but it's so easy to do
Woah-oh, a good night for falling in love
Forever with you

You're so close to me and I just can't let you go, oh no
And I can feel your body burning right through your clothes, oo
h
Let the night winds blow your cares away
Say you'll always stay right here in my heart

Woah-oh, a good night for falling in love
And with a girl like you, but it's so easy to do
Woah-oh, a good night for falling in love
Forever with you

Please
Don't let it end tonight with just a kiss
There's so much love to give here in my heart

Woah-oh, a good night for falling in love
And with a girl like you, but it's so easy to do
Woah-oh, a good night for falling in love
Forever with you

Don't you know it's such a good night for falling in love
And with a girl like you, it is so easy to do
Woah-oh, a good night for falling in love
Forever with you

Don't you know it's such a good night for falling in love
And with a girl like you, it is so easy to do
It's such a good night...
