

I Need To Fall In Love Again

Eddie Rabbitt

You took my heart in your hand
And you just walked away
You didn't even say goodbye
Now I'm standing alone, but if the truth be known
I'm not made to be free
It's not easy for me
But I try

I need to fall in love again
Fill up this emptiness within
But every time I try to begin
I can't find a place to start
You still hold my heart

I'm hurtin' inside, and there's nowhere to hide
When the pain comes around
I swear the clock slows down at night
Next time I hope when I run into love
It won't walk away
'Cause I'll know what to say

I need to fall in love again
Fill up this emptiness within
But every time I try to begin
I can't find a place to start
You still hold my heart

You hold it in your hands, let it go
'Cause I need to fall in love again
Fill up this emptiness within
But every time I try to begin
I can't find a place to start
You still hold my heart
You still hold my heart
