Loveline

Eddie Rabbitt

If you ever need me
Call me on your phone line
You got my number if you ever want me, it's your lifeline
And if you're ever lonely
I'm your loveline

If you ever feel sad
Need someone to hold you
When no one knows you or understands you like I do
'Cause no one means as much, girl
As you do

So take your time
It's just my heart you're breakin'
I don't mind
Though my whole world is shakin', I'll be fine

I'm sittin' by my window
Wonderin' where you are now
If ever it should rain, just remember there's a rainbow
'Cause someone thinks about you
Wherever you go

And if you ever need me
Just call me on your phone line
You got my number, if you ever want me, it's your lifeline
And if you're ever lonely
I'm your loveline

So take your time
It's just my heart you're breakin'
I don't mind
Though my whole world is shakin', I'll be fine

Baby, I'm your loveline
Baby, I'm your loveline
Baby, I'm your loveline
Baby, I'm your loveline
Your loveline

Baby, I'm your loveline
Baby, I'm your loveline
Baby, I'm your loveline
Baby, I'm your loveline
