

Our Love Will Survive

Eddie Rabbitt

The world's a little crazy and the future's kinda hazy, it's true
But I found a hidden treasure and my life is such a pleasure with you
They can't pull us apart, we can't go wrong, we're just too strong

And our love will survive
We'll keep it alive
If our hearts are tied to each other
And we'll keep dreaming on
Sail right through the storms
If we're holding on to each other

I never dream about another cause I found the perfect lover in you
You'll always be my one and only, I would never leave lonely and blue
We go so good together baby, we were meant to be, you and me

And our love will survive
We'll keep it alive
If our hearts are tied to each other
And we'll keep dreaming on
Sail right through the storms
If we're holding on to each other

They can't pull us apart, we can't go wrong, we're just too strong

And our love will survive
We'll keep it alive
If our hearts are tied to each other
We'll keep dreaming on
Sail right through the storm
If we're holding on to each other

And our love will survive
We'll keep it alive
If our hearts are tied to each other
We'll keep dreaming on
Sail right through the storms
If we're holding on to each other
