

# Workin' Out

Eddie Rabbitt

I was pumping iron down at the body shop  
Hurting, working up a sweat  
A-when she walked in the place  
She started swinging those weights  
I said to myself what I set of pecks

Workin' out (workin' out)  
Workin' out, workin' out  
Workin' out (workin' out)  
Workin' out  
Well I got my blood a-pumping  
And my heart thump-thump-thumping  
Workin' out

(Workin' out)

Well I watched her going through all the motions  
Sit ups, jumping jacks and curls  
And when she threw me that look  
They could have thrown the book at me  
For what I was thinking about that girl

Workin' out (workin' out)  
Workin' out (workin' out)  
Workin' out  
Workin' out (workin' out)  
Workin' out (workin' out)  
Well she got my blood a-pumping  
And my heart thump-thump-thumping  
Workin' out

(Ah, workin' out)  
(One, two, a-one, two, three, four)

(Dum-dum-dum-dum-dum-dum-dum)  
(Workin' out)

Well then we met a little later in the hot tub  
She was a-really steaming up my heart  
We started talking some stuff, I started falling in love  
She's one good reason to keep your body hard

Workin' out (workin' out)  
Workin' out (workin' out)  
Workin' out, yeah  
Workin' out (workin' out)  
Workin' out (workin' out)  
Well I'm feeling so much better  
Cause we're doing it together

Workin' out (workin' out)  
Workin' out (workin' out)  
Workin' out  
Workin' out (workin' out)  
Workin' out (workin' out)  
Well she got my blood a-pumping  
And my heart thump-thump-thumping

Workin' out

Workin' out (work, workin' out)  
Workin' out (work, work, workin' out)  
Workin' out (work, workin' out)  
Well I'm feeling so much better  
Cause we're doing it together

Workin' out (work)  
Workin' out (workin' out)  
Workin' out (work, work, workin' out)  
Workin' out (work)  
Workin' out (workin' out)  
Well I'm feeling so much better  
Cause we're do-do-do-do-do together

Workin' out (work)  
Workin' out (workin' out)  
Workin' out (work, work, workin' out)  
Workin' out (work, work, workin' out)  
Well she got my blood a-pumping  
And my heart thump-thump-thumping  
Workin' out (work)  
Workin' out (workin' out)
