

# Hey You

Eddie Stoilow

Hey, hey you,  
what you`re gonna do with the fruit in the basket,  
I gave you in the avenue

Hey, hey you,  
what you`re gonna do with the dogs in the backyard,  
they`re hungry I am telling you

Keep on be yourself,  
take your chance my friend,  
keep on twisting through your life

Hey, hey you,  
what you`re gonna do with the dogs in the backyard,  
the,`re hungry I am telling you

Hey, hey you,  
what you`re going say to your innocent children,  
not funny I am telling you

Keep on be yourself,  
take your chance my friend,  
keep on twisting through your life

Keep on be yourself,  
take your chance my friend,  
keep on twisting through your life

Keep on don`t believe all,  
losing is not for you,

Call me,  
any time just call me,  
surely we`ll work it out
