

# Piano Piece

Eddie Stoilow

You know you grab me wrong  
and I tell you all night long  
you're sleeping by my side  
you're taking me higher  
taking me higher

anytime you talk to me  
feel like I need to scream  
we don't speak for a while  
you're stealing my fire  
you're stealing my fire

Ooooooooo Oooooooooooooo

Hey I don't wanna know this  
Hey let me go away  
Hey I don't wanna hear that's now  
Hey don't make me stay

I pick you for a while  
the girl I met that night  
I knew it right away  
piece of desire  
piece of desire

I treat you like a queen  
no say that words so mean  
you're still by my side  
you're blowing my fire  
you're blowing my fire

Hey I don't wanna know this  
Hey let me go away  
Hey I don't wanna hear that's now  
Hey don't make me stay

Days we spent  
were fine my dear  
now is time to make  
it's almost clear  
know that I  
will make you cry  
but don't blame me

You won't have to remember me  
every time you want  
I said you're free  
walk away my friend  
walk away my friend

Ooooooooo Ooooooooo  
Ooooooooo Ooooooooo  
Ooooooooo Ooooooooo  
Ooooooooo Ooooooooooooo  
Ooooooooo Ooooooooooooo

Days we spent

were fine my dear  
now is time to make  
it's almost clear  
know that I  
will make you cry  
but don't blame me
