

Do You Miss Me

Eddy Arnold

When the evening shadows fall do you miss me
At the time I used to call do you miss me
And at night when you're alone do you miss the love we've known
Do you find your heart like mine is aching breaking

And when mem'ries make you blue do you miss me
And if I were there with you would you kiss me
Though we parted long ago back to your arms I'd go
If I could only know you miss me
[piano - guitar]
And when mem'ries make you blue...
