

How Is She?

Eddy Arnold

How is she, is she well?
Is she happy, could you tell?
Is it all working out
The way she wanted it to?
Did her expressions change
When you mentioned my name?
No, don't answer that,
Just tell me, how is she.

I guess the less I know of her
The better off I'm bound to be
I don't really wanna hear
She's happy without me but how is she.

I just gotta know
I still miss her so
You seen her, I know
So tell me, how is she?...
