

# I'm Gonna Get You

Eddy Raven

Hope you like the way I talk  
The way I smile, the way I walk  
Hope you're in to how I dress  
The way I think and all the rest

'Cause, I'm gonna get you  
You're gonna love me  
No doubt about it  
I'm gonna get you

When you're driftin' off to sleep  
Close your eyes and think of me  
Make it easy on yourself  
Don't dream about nobody else

'Cause, I'm gonna get you  
You're gonna love me  
No doubt about it  
I'm gonna get you

You can run and you can hide  
But in the end you'll realize  
You've been runnin' right to me  
Turn around and there I'll be

I'm gonna get you  
You're gonna love me  
No doubt about it  
I'm gonna get you

It ain't a matter of chance  
Honey, it's destiny  
There ain't no gettin' away  
It's just the way it's gonna be

I'm gonna get you  
You're gonna love me  
No doubt about it  
I'm gonna get you
