

Out of This World

Edenbridge

The sleeping giant
Entangled
Am I
Ended in deadlock
Mistreated
By and by
So mine a rich seam
Do as you would be done by

Caught in this here
The sadness sincere all alone
I was shaped into form
Caught in this pain
In a world inhumane
You fight what you don't understand
Jaded am I
My well ran dry
On the slope
Is there no ray of hope
In the end, torn and swirled
I feel I'm out of this world

And looking down the ages
This treasure
We call liberty
Boundless dreams have no end
They just depend
On your will to be free

Caught in this here
The sadness sincere all alone
I was shaped into form
Caught in this pain
In a world inhumane
You fight what you don't understand
Jaded am I
My well ran dry
On the slope
Is there no ray of hope
In the end, torn and swirled
I feel I'm out of this world
