

# Boom

Edwin McCain

Mamma said, "Let's shave my head today"  
It's all gonna fall out anyway  
The laughter rolled in first just like she planned  
Then the tears fell out with strand  
After strand, after strand, after strand

Love doesn't wait until it's easy  
Love isn't only dancing under stars  
Love's not just for rolling along like a summer song  
Love's when it's hard

When it's hard and you don't want to believe it  
You don't have enough hands to cover your ears and your eyes  
When it's hard and you don't want to speak it  
'Cause the only sound that comes is, "Why?"

Before I knew we were swaying like the trees  
But they know how to bend and we're on our knees  
I got a shock wave when it reached the speed of sound  
By the time you hear the boom  
The pain is raining down and down and down

Love doesn't wait until it's easy  
Love isn't only dancing under stars  
Love's not just for rolling along like a summer song  
Love's when it's hard

When it's hard and you don't want to believe it  
You don't have enough hands to cover your ears and your eyes  
When it's hard and you don't want to speak it  
'Cause the only sound that comes is, "Why?"

Love doesn't wait until it's easy  
Love isn't only dancing under stars  
Love's not just for rolling along like a summer song  
Love's when it's hard  
When it's hard, yeah, when it's hard
