Nowheresville

I wanna see paris Insane on the sine I wanna do that bull run thin in spain I wanna go to england And walk down penny lane Half a pint an island May wash away my pain I'm stuck in mud Spinning my wheels And I'm all alone On the road To nowheresville I wanna meet a little girl With french horn lips And introduce her to my trip I'll make her smile on the nile Hold her hand in japan But last things first for all my plans I'm stuck in mud Spinning my wheels And I'm all alone On the road To nowheresville I'm on my way I'm almost nowhere I'm almost everything I swore I'd never be When I get there Then I'll go somehwere I'm going to pay my last repsects and get the Hell out of there Out of nowhere

I'm stuck in mud Spinning my wheels And I'm all alone On the road To nowheresville Spinning my wheels And I'm all alone on the road to nowheresville Nowheresville Nowheresville Eels
