

Waiting For The Heavens

Eighteen Visions

God, help me save tomorrow
From fear of darkest hour
This world, in pain
It's time to rise again

This life is so-called murder
Staring at angry horror
Don't want to live today
When all I feel is pain

And...I pray that I would fall apart
I know this world's the enemy

You don't know what it's like
And I don't
Think you even care
(I know this world's the enemy)

You don't know what it's like
And you've never ever
Even been there
(I know this world's the enemy)

God, help me save tomorrow
From fear of darkest hour
This world, in pain
It's time to rise again

My life is going under
Staring at angry horror
Don't want to live today
When all I feel is pain

And...I pray that I would fall apart
I know this world's the enemy

You don't know what it's like
And I don't
Think you even care
(I know this world's the enemy)

You don't know what it's like
And you've never ever
Even been there
(I know this world's the enemy)

This life is so-called murder
Staring at angry horror
Don't want to live today
When all I feel is pain

I know this world's the enemy
I know this world's the enemy
