

# Can't Get Enough

El DeBarge

Last night was incredible  
You showed me things  
That I've never, ever seen before  
I swear, it's unforgettable  
Girl, I can't believe the freaky things you did with me

Lord knows how well you danced into my heart  
You know, you didn't miss a beat with me  
I swear, I swear I didn't think you'd go so far  
But, oh no, I was wrong  
You did everything, and I swear I

Can't get enough, enough of your love  
Can't get enough of it  
God knows how much I love it  
Can't get enough, enough of your love  
I just can't, can't get enough of it, of your love

Last night was so sensual  
You gave me love  
Like I've never ever dreamed  
I swear it was unusual  
Girl, you showed me special things no man has ever seen

God knows I never felt this good  
You knew just what to do, just how to please  
I swear, I swear I didn't think I'd get so hard  
But oh no, I was wrong  
Girl it's what you do to me, and I can't

[Hook]

Please, please, please come over here  
And let me taste your sweet love again  
'cause I never knew a girl  
Who could make me feel so good  
Now I know I gotta have it  
All the time

[Hook x3]
