

Nen Ar Tasar (You See)

Elane

Starlit dance - on silvery waves
song of brook - under shadow leaves
echo of sighs - in branches above
whispers and signs - of two souls crowned with love

Leaves will sing an waters flow

You see - in my eyes what I want, what I love
you feel - like you never will swim with the brook
you long - for the depths of your water-filled heart
you wait - for the touch of your leaves on my face
and they hope - one day to be free
