

# Food Dog

Electric Six

Wanna open up your eyes and see  
Wanna get a bigger piece of me  
You're really not sure how it's gonna be  
Well take a hot bath in the policy  
I'm gonna tell ya man the mums the word  
Cause the order tellin lies is so absurd  
It's much bigger than you've probably heard  
It's just another prophecy  
I started out in my mama's womb  
And everyday I'm closer to my tomb  
And once they get you out of the panic room  
They line you up around the block for the boom boom boom

At a frequency no one hears  
She was the biggest I seen in years  
She was the food dog  
She was the food dog  
Come on she was the food dog, food dog, food dog, food dog  
Barking like a harpy at the poppy tree  
She was the food dog, food dog, food dog, food dog  
Barking down at you and barking up at me

Hanging around with a memories  
Looking like a holiday in United States  
Flying on a broom through the night like a common witch  
Food dog you're just another bitch

Some people bite, others chomp  
Some are tossed into a dirty swamp  
But everybody here gonna feel my boot stomp  
My floppy floppy boot stomp, boot stomp floppy  
When I'm suckin' on the sap of your tree  
I need to know what's in it for me  
I know everything here is where it's supposed to be  
But I'm starting to get a little hungry

I need some food dog, food dog, food dog, food dog  
With a whole lot of flavor and a savory smell  
I need some food dog, food dog, food dog, food dog  
Baking in an oven that's hot as hell

Hot hot sauce flying off of the shelves  
Bringin [?] special [?]  
Tryin as you might, things will never be the way they were  
Food dog you're just a major cure

She's a leaning tower without a lean  
Her home cookin gonna turn you green  
She got deep deep pockets  
The deepest I've seen  
And she's licking her bones clean  
And there's a million ways to get her wet  
She's was the wettest doll that I ever met  
Was she a curse on or a penthouse pet  
Your best bet is hedging your bet

She was the food dog, food dog, food dog, food dog

Cookin in her own sauce  
She was the food dog, food dog, food dog, food dog  
Showin' all the other dogs whose boss

Suckin' on the most nutritious treat  
Running around comin' in the heat  
Tryin' all the finest cuisines all over the world  
Food dog you're such a good girl
