

I'm the Devil

Electric Six

When the ground shakes and the rattle snakes go round lookin fo
r a fang destination
I'm gonna be the one you saw
When the velvet drapes and the sour grapes get together from a
wine altercation
That's when you gonna hear me guffaw
And I'm gonna make you beg for it

OW! OW!

Better to believe in something than in nothing at all
You gonna believe in something when you chained to my wall
And I will learn you a lesson now, two by two, yeah!

You might find me in a cage in a human zoo
I might learn you a lesson of a 2x2
Invite me into your house I'll demonstrate to your woman
I mean BUSINESS, when it comes to FUCKING

I'm the devil
I'm the devil
I'm the devil
I'M THE DEVIL!
Ay!

I consulted with your Boogie Man and he told me how to get to y
ou
I consulted with your Boogie Man and he told me how to get to y
ou
I feed off the fear of folks like you who hate what this world
is coming to
And I put death in a bottle... and called it Mountain Dew

Do do do do
Do do do do
Do do do do
Do do do do do do do do do do do do do do do

(AND NOW A THIRTY SECOND REBUTTAL FROM THE LORD AND SAVIOUR, JE
SUS CHRIST!)

"I was just... Y'know I was hopin' that everybody could just, get
along and shit?"

"I was just... Y'know I was hopin' that everybody could just, get
