

## Taxi to Nowhere

Electric Six

I ride a taxi  
To nowhere  
And as soon as I get out I'm gonna be alone

I'm in the back seat  
Dying  
I can't remember anything at all  
Except the day that you left me  
Argh!  
Except the day that you left me  
Alone to die  
Waah!

It's the tuxedo I'm wearing  
That gets me where I want to go  
It's the illusion of money that brings me home

I ride a taxi  
To nowhere  
A taxi  
To nowhere  
And as soon as I get out I'm gonna be alone.
