

Goodbye Johnny

Electrocute

It's all over now, baby blue eyes
All the wasted tears forgotten
And I know that you lied
But all your lies were sweet like a child's.
And you know there was nothing I wouldn't have done for
you
Goodbye Johnny, I won't forget you
But I do regret all your sadness
But this world was too much for you
For me too, there was nothing I could do.
It's all over now, baby blue eyes
All the wasted years forgotten
And I know that you lied, but
All your lies were sweet like a child's.
Goodbye Johnny, I won't forget you
But I do regret all the madness
But this world was too much for you
For me too, there was nothing I could do.
Time you start to grab your pride
before you know you loose your dignity
You were always on the outside looking far beyond your
destiny
Goodbye Johnny.
