It's all over now, baby blue eyes All the wasted tears forgotten And I know that you lied But all your lies were sweet like a child's. And you know there was nothing I wouldn't have done for you Goodbye Johnny, I won't forget you But I do regret all your sadness But this world was too much for you For me too, there was nothing I could do. It's all over now, baby blue eyes All the wasted years forgotten And I know that you lied, but All your lies were sweet like a child's. Goodbye Johnny, I won't forget you But I do regret all the madness But this world was too much for you For me too, there was nothing I could do. Time you start to grab your pride before you know you loose your dignity You were always on the outside looking far beyond your destiny Goodbye Johnny.
