

# Greater Than Your Love

## Elevation Worship

What would the King of all want with this broken heart?  
Why would He take the fall knowing us as we are?  
Glory beyond the shame, healing beneath the scars  
Nothing remains the same, now that we've seen Your love

Great is Your love  
Nothing is greater than Your love  
Great is Your love  
Nothing is greater than Your love

No matter where I run, there I will find Your grace  
Mercy has made us one, never to separate  
Power beyond the grave, freedom beneath the cross  
Oh, nothing remains the same, now that we've seen Your love

Great is Your love  
Nothing is greater than Your love  
Great is Your love  
Nothing is greater than Your love  
Great is Your love  
Nothing is greater than Your love  
Great is Your love  
Nothing is greater than Your love

There is no fear and no shame  
Your love won't rise above  
Every failure, in Your grave  
For love has overcome  
There is no fear and no shame  
Your love won't rise above  
Every failure, in Your grave  
For love has overcome  
There is no fear and no shame  
Your love won't rise above  
Every failure, in Your grave  
For love has overcome

Great is Your love  
Nothing is greater than Your love  
Great is Your love  
Nothing is greater than Your love  
Great is Your love  
Nothing is greater than Your love  
Great is Your love  
Nothing is greater than Your love
