## Walk In Love

## **Elevation Worship**

Light broke through
It was you
It began to rise inside of me
As you breathed in peace
Hallelujah

We were bought, we were bought with love So we walk, we walk in love You're calling us out of ourselves To love a world that's broken down So we walk in love

Wake up soul
You've been made whole
It's Christ in you who's shining through
When you give love away
Hallelujah

We were bought, we were bought with love So we walk, we walk in love You're calling us out of ourselves To love a world that's broken down So we walk in love

We will love, we will love, we will be your love You will shine, you will shine in us We will love, we will love, we will walk in love
