

What Would You Do

Elevation Worship

What would you do?
If He walked into the room
What would you do?
If He walked into the room
What would you say?
If He walked into the room
How would you praise?
If He walked into the room
How would you shout?
If He walked into the room
How would you shout?
If He walked into the room
What would you do?
If He walked into the room
Yes, what would you do?
If He walked into the room
Yes, what would you say?
If He walked into the room
How would you praise?
If He walked into the room
What would you do?
If He walked into this room
Yes, how would you shout?
If He walked into this room
What would you do?
What would you do?
How would you shout?
If He walked into this room
What would you do?
If He walked into this room
What would you do?
If He walked into the room
What would you do?
If He walked into the room
What would you do?
If He walked into the room
What would you do?
If He walked into the room
What would you do?
If He walked into the room
What would you do?
If He walked into the room
What would you do?
If He walked into the room
What would you do? (Somebody do it now)
If He walked into the room (Somebody do it now)
What would you do?
If He walked into the room
What would you do?
If He walked into the room
What would you do?
If He walked into the room
What would you do?
If He walked into the room
What would you do?
If He walked into the room
What would you do?

He's here right now
He's here right now
He's here right now
He's here right now
How will you sing to Him?
He's here right now
How will you shout to Him?
How will you worship Him?
He's here right now
How will you bow before Him?
He's right here now
Jehovah
A very present help
In the time of trouble
He's here right now
He's here right now
The King is in the room
Your Healer's in the room
Your Savior is in the room
Your Provider is in the room
Your Redeemer is in the room
Your Champion is in the room
He's here in this room
So what will you do?
Amen

Jesus Christ
The King above all kings
