

You Are Enough

Elevation Worship

My highest joy
Love of my heart
You are
All that's good
Flows from your mercy
To us

Here's my heart
Make it yours
I will sing

If I lose it all
You're enough
If I gain the world
You're enough
My joy is complete
Jesus you are enough for me
Jesus you are enough for me

Empty we came
You gave your grace
To us
When riches fade
Still you remain
Our God

You can take my life
And all I have
I will sing your worth
With all I am
(the hope I've found)

You're all I need
You're everything
Jesus you are enough for me
