

# You Are On Our Side

## Elevation Worship

You promised salvation  
To bring your children home  
You promised redemption  
That your love would restore

We can see you all around

This is the day  
This is the time  
When all you spoke  
Has come alive  
We've seen you move

We've seen you fight  
We've seen it all cause you are on our side

You promised our city  
Would be shaken with your love  
You promised Your Spirit  
Would change the world through us

For your glory, your fame Lord  
We surrender our lives
