

# When You Come Down My Way

Eli Young Band

When you come down my way here I hope you stay  
Maybe for a while, not just a day, yeah  
When you come down my way.....

I haven't seen you in so long, there's a lot to get caught up o  
n  
Pull up a chair, pour a drink that's strong  
I haven't seen you in so long.....

When you come down my way leave behind all those rainy days  
You know I love to see your face every chance I get.....

I hear you're doing fine you went to live your life and I lived  
mine  
You've got friend if life gets unkind  
I hear you're doing fine.....

When you come down my way leave behind all those rainy days  
You know I love to see your face every chance I get.....

You can always count on me if there's anything you need  
Someone to talk to or just a soul to feed  
But, you can always count on me.....

When you come down my way leave behind all those rainy days  
You know I love to see your face every chance I get.....
