

# Just Want You

Elise Estrada

Just wanna get next to your body  
I got something free, how about it?  
Just wanna get next to your body  
Oh baby, can't live without it

A million roses came today  
Woke me up at seven A  
Don't you know the sun's away  
Did you know, don't want it  
I got the keys, no thank you please  
Another something I don't need  
You know I'm not about to cheat  
Did you know, don't want it  
Baby, I got everything I need  
But I don't have you here with me

I don't want your do re mi  
Don't need more diamond rings  
If ya gonna spend, spend time on me  
I don't want your crack ca-ching  
My love don't cost a thing  
If you gonna spend, spend time on me

I just want you, baby just you  
I just want you, no money honey  
Just want you, baby just you  
I just want you

Got your message, got the phone  
Don't you know I got my own  
Just a sub for you to home  
Did you know, don't want it  
And yes, I saw that sexy dress  
But no, I'm not impressed  
I'll just put it with the rest  
Did you know, don't want it  
Baby, I got everything I need  
But I don't have you here with me

I don't want your do re mi  
Don't need more diamond rings  
If ya gonna spend, spend time on me  
I don't want your crack ca-ching  
My love don't cost a thing  
If you gonna spend, spend time on me

Just wanna get next to your body  
I got something free, how about it?  
Just wanna get next to your body  
Oh baby, can't live without it  
Baby, I got everything I need  
But I don't have you here with me

Yes girl, I need your body  
You and I can find somebody  
I'll find my shows and parties  
I'm gonna, gonna do my shorty

Give it to my baby  
Pull up in a brand new mercedes  
There goes my baby, everything nice  
And new to me, look don't be shady  
Picture you and my lady  
Leave on a Sunday, come back Monday  
How you doing, she say nothing  
To the Bahamas, me in public  
Be there for you in a hurry

I just want you, baby just you  
I just want you, no money honey  
Just want you, baby just you  
I just want you

I don't want your do re mi  
Don't need more diamond rings  
If ya gonna spend, spend time on me  
I don't want your crack ca-ching  
My love don't cost a thing  
If you gonna spend, spend time on me  
I just want you
